# **Butler Breeder's Invitational**

## **Registered Texas Longhorn Cattle**

September 3, 2022

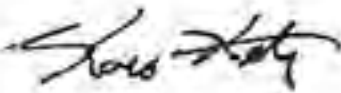

Dear Texas Longhorn Breeders,

Welcome to the 2022 Butler Breeder's Invitational. This will be our 25th anniversary sale. Everyone is extremely excited and looking forward to celebrating this momentous occasion. Special preparations are being made to ensure this sale will be one to be remembered! Each year, the Butler Breeder's Invitational is committed to offering not only the finest in straight Butler cattle, but the finest in Texas Longhorns as well. This commitment is shared by our consignors and we are proud to be associated with them. We encourage you to contact them if you desire additional information on any of the sale lots. As Butler Texas Longhorn breeders, our commitment is two-fold. To the cattle, our commitment is to preserve and promote them to the best of our ability. To the people, it is to treat everyone with respect and welcome you as a guest in our own home.

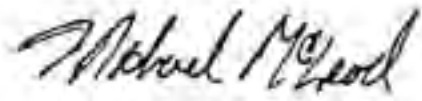

Once again, our sale offering includes something for everyone. This year will again feature a large selection of heifers. These are extremely high quality with unlimited potential, as well as proven producers that can make a positive impact on any program. Whether your interest is in the history of the bloodline and the continuation of the last viable pure family of Texas Longhorns that still survives or adding Butler genetics to blend programs as the essential key ingredient for superior results, top breeders have long recognized that the best Texas Longhorns in the industry all have one thing in common: Butler Genetics.

Internet bidding will be available for those unable to attend the sale. The sale will be webcast by [www.HiredHandLiveBidding.com](http://www.HiredHandLiveBidding.com). There will be bidding on the webcast. If you are interested in using this service, please visit the Hired Hand Live Bidding website for more information.

We invite you to return with us to Lockhart for the great cattle and fun times the Butler Breeder's Invitational has come to represent. As always, for everyone associated with the Butler Breeder's Invitational, we thank you for your interest and your participation!

Kaso Kety

# 25<sup>TH</sup> BBI SILVER CELEBRATION LOT HONORING VERNON & JANIS WEBB

2022 marks the 25th Butler Breeder's Invitational Sale and that milestone would not have been reached without the contributions of two very special friends – Vernon & Janis Webb who made the VJ brand famous. They helped us start this sale in 1998 and many of the high selling lots over the years go back to their breeding. In the blend world as well as the Butler longhorn family, who hasn't heard of their great Butler bull, VJ Tommie? Plus, they loaned me the VJ Nestor bull that you find in many of the McLeod pedigrees. We can't say enough about these fine people and it's time for us to give back. There aren't many VJ branded cows left and this lot is a rare opportunity to add a VJ branded cow to your Butler herd. So raise your hand in honor of Vernon & Janis Webb because we wouldn't be here today without them!

*Michael McLeod*

## VJ Alpha Chex

**Consignor: V&J Longhorns - Vernon & Janis Webb**

PH No. 2/10 TLBAA No. C279009 Born: 1/15/10

Color: Red white lineback speckled face

Bangs Vaccinated (OCV): Y

Breeding Information: Heifer calf at side born 6/8/22 sired by Cowboy Outlaw MC 77. Exposed To Spanish Roughneck ML 3/0 from 6/8/22 to 9/1/22.

COMMENTS: VJ Alpha Chex is probably the youngest VJ branded cow left. Look at all the Butler greats in her pedigree! She's got a heifer calf at side out of Cowboy Outlaw MC 77, a nice brindle and white bull that McLeod Ranch is using on some of their best cows. Plus, she's exposed to Makayla's Spanish Roughneck for a possible 3-N-1. Don't miss this opportunity to own a piece of Butler longhorn history!

PH No. 1/9 TLBAA No. C320647 Born: 1/1/19

Color: Parker brown with cream muzzle and white lineback on hips

Bangs Vaccinated (OCV): Y

Breeding Information: Steer calf at side born 5/24/22 sired by Spanish Santa Fe MC 85. Exposed to Spanish Santa Fe MC 85 from 5/24/22 to 9/2/22.

COMMENTS: Loretta is one of our first Mesquite MC 1/4 daughters. It has been a lot of fun watching her grow into a producer. Her dam, Lolita Rose, is one of our top producers. Her pedigree includes Farlap Chex, Rattlesnake and Ace's Dayton Desperado. Her sire, Mesquite MC 1/4 produced a lot of color, body and some nice twisty horned heifers. He is double bred Mesquite MC 634 along with Dynamite MC 46. She has a nice steer at side out of our herd sire Spanish Santa Fe MC 85. She is a young, beautiful girl with years of production ahead of her.

## Dalgood's Mystery

**Consignor: Dalgood Longhorns - Malcolm & Connie Goodman**

PH No. 906 TLBAA No. C336073 Born: 3/1/19

Color: White with red and black spots and specks

Bangs Vaccinated (OCV): Y

Breeding Information: Steer calf at side born 5/16/22 sired by LAER High Class. Exposed to Dalgood's Rocky II from 5/16/22 to 8/1/22.

COMMENTS: Mystery is named because we did not know who her dam was for a long time. Her dam is out of Conquistarettie, an embryo daughter of the original Conquistador and OT Droopy's Big Base. Mystery's horn girth and length is testimony to these incredible horn genetics. Mystery's sire is Dalgood's Jacob, a patchy brindle son out of a Delta Rockette daughter and the flashy brindle Buckaroo Chex, so Mystery's tricolored specks and spots come honestly. This gorgeous 3-year-old is very special for this special BBI 25th anniversary. Steer calf at side is out of LAER High Class, our young sire (co-owned with Kety/Sellers) out of Trinity R3. Mystery should be bred back to Rocky II for a spectacular 3-N-1 package.

Color: Parker brown

Breeding Information: Exposed to TC Lex from 7/1/21 to 8/1/22.

COMMENTS: A super young Parker brown Trinity daughter. On the bottom side, you'll find Festus and Ace's Brownie's Magic. Brownie's Magic was a high seller here and was one of the tightest twist horned cows we've ever seen. Breeders who know will appreciate the Little Brownie genetics. Brownie's Brownie is already twisting heavily. She has been exposed for her first calf by TC Lex.

Breeding Information: Exposed to TC Lex from 11/1/21 to 8/1/22.

COMMENTS: Pretty Baby is one of our very favorite Trinity daughters. She is a granddaughter of Little Ace Mrs Delicious, who may be the best cow we ever produced. This young heifer has everything it takes to make a standout front pasture cow. Spectacular color combined with extreme femininity. It hurts to let her go, but the Butler Breeder's Invitational deserves our best. This one-of-a-kind heifer has been exposed to TC Lex owned by Thate-Kety-Richey for her first calf.

Breeding Information: Exposed to LAER High Class from 4/23/22 to 8/1/22.

COMMENTS: Shiny Apple Girl is an exceptional 2-year-old heifer with amazing horn and color that is hard to part with. But we wanted to do something exceptional for this 25th BBI anniversary sale. Heifer is out of Rocky II and one of our favorite Parker brown cows that goes back to our Wax Horn cow MF Blanco Bandana from DeWitt Meshell. Her flashy brindle patches with tricolored spots/specks and freckled face are unusual and intriguing. Very feminine heifer with good height and beautiful head with explosive horn. She is bred to LAER High Class, our 3-year-old sire co-owned with Kety/Sellers. High Class is out of the well known Trinity R3 and a colorful Creek Plantation cow.

## WA Dayton's Joy

Consignor: Wynfaul Acres - James & Helen Cloakey

PH No. 40 TLBAA No. C327449 Born: 3/27/20

Color: Parker brown body with white specks on face, white topline, belly and tail

Bangs Vaccinated (OCV): Y

Breeding Information: Exposed to Droopy's Rawhide MC 91 from 6/1/21 to 9/19/21.

COMMENTS: In the darkest COVID 19 days, out of the morning mist, walks Cinnamon Star trailing this lookalike heifer. 'Joy' is smooth and correct with a sensible disposition. She is definitely an eye catcher, just like her dam. Her flashy pedigree has a double shot of legendary female Dark Star B R 3 bringing Farlap Chex over Dark Star Chex. Her maternal line goes back to Henry RG961, whose progeny are much sought after. Joy is bred to Droopy's Rawhide MC 91 for a summer calf. Rawhide's pedigree brings McLeod's exceptional triple twist female, Jackie Lynn 90, on top and bottom. This young bull is producing calves with a lot of early twist. She will be left unexposed to breed back to the bull of your choice. We are proud to consign Joy to the 25th sale.

It's hard to part with cattle with the potential to get those crazy corkscrew horns; we are only doing it for the 25th Anniversary Butler Sale. We think Prissy has great potential. ## Hornboss BR3

Consignor: Triple R Ranch - Robert & Kim Richey

PH No. 22 TLBAA No. S63644 Born: 6/2/12  
Color: Red speckled face and sides and white

COMMENTS: Texas Longhorn steer, iconic symbol of the old West, Hornboss embodies all that, Butler style. A gentle giant, with front pasture appeal and traffic stopper to boot. Nice horn spread that just keeps traveling East to West. Lonnie Shan and we have owned him for the last ten years and felt the 25th anniversary sale would be good to showcase him and alas have him head to your spread.

**Consignor: Dalgood Longhorns - Malcolm & Connie Goodman**

PH No. 14/9 TLBAA No. C271773 Born: 7/28/09

Color: White, red spots and specks

Bangs Vaccinated (OCV): Y

Breeding Information: Steer calf at side born on 2/6/22 sired by Dal-

good's Rocky II. Exposed to WF Buckaroo from 2/6/22 to 8/1/22.

COMMENTS: Precious is a George W daughter out of a Mrs Delicious daughter out of the famous Plum Jelly. Precious has 81" of horn. She is the dam of Rocky II, our young sire who won his Butler Futurity class and is following in Rocky's footsteps with colorful outstanding offspring (see Lot 13). We wanted to offer a special cow for the 25th BBI anniversary. Precious is quite precious -- extremely gentle, excellent producer, and just an all-around beautiful cow. Steer calf at side is actually out of Rocky II, so he is line bred with great potential to be a trophy steer. Precious is bred back to our colorful 5-year-old WF Buckaroo with 73" of horn out of our well-known splotchy-brindle Buckaroo Chex.

## SCC Annie

**Consignor: Stanley Cattle Co. - David Stanley**

PH No. 237 TLBAA No. C289582 Born: 3/8/10

Color: White, brown ears

Bangs Vaccinated (OCV): Y

Breeding Information: Exposed to SCC Outlander from 1/17/22 to 8/14/22.

COMMENTS: Here's a rare opportunity to add an own daughter of SCC Centaurus to your herd. The SCC Centaurus progeny line has produced some of the longest horned Butler bulls currently in the breed - FA Super Star who sired FA Jupiter. As you'll see, SCC Annie is sporting a nice set of horns as well! It's not all about horn by any means. She's a consistent producer as well. We're retaining two daughters. She sells bred to SCC Outlander (SCC Quantum x SCC Legacy Twist.) His full sister sells in today's sale as Lot 61. You can see the horn potential of this calf. She's a great outcross for Butler and blend breeders!

Breeding Information: Exposed to SH Buffalo Kelly 8/9 from 12/22/21 to 8/5/22.

COMMENTS: A very nice cow from Michael McLeod's great program. She's had 5 good heifers for me and on May 19 measured 74 1/2" TTT and palpated 5 months bred to SH Buffalo Kelly 8/9, a beautiful blue roan paint son of M Arrow Feisty Kelly (a big horned ZD Kelly daughter) by SH Lucky Buffalo going back to LLL Lucky. Not straight Butler but good. I would never sell this pretty cow except I'm without a Butler bull and feel her potential is being wasted.

Breeding Information: Heifer calf at side born 4/11/22 sired by Pearl Snap BCB.

COMMENTS: RVR Sara Rose is a favorite at the Lonesome Pines Ranch. A very consistent breeder, she's had 7 heifers out of 10 calves for us. She throws beautiful color and well made calves. She has a heifer calf at side, born 4/11/22 out of our blend bull Pearl Snap BCB. We've chosen to keep her open so that the buyer can breed her to the bull of their choice. On 5/14/2022, she measured 75 3/8" TTT. She's gentle and easy to work, very non-aggressive. Check out her heifers on our website at [www.lonesomepinesranch.com](http://www.lonesomepinesranch.com). Her pedigree includes Butler greats, such as Farlap Chex and VJ Tommie. We are excited to be a part of the 25th Butler Breeder's Anniversary Sale.

We are keeping her last Daughter to replace her. She is a Granddaughter of BOLD Ruler. Here is a great chance to get a GREAT cow who has it all. She will be bred to Moon Rock HR, our senior herd sire, so you are going to get a Great calf when this one hits the ground. This one I really didn't want to sell, but we wanted to put a great cow in the sale for the 25th and I think we were successful with our choice. You won't be disappointed when you keep your hand raised for her.

Bangs Vaccinated (OCV): Y

Breeding Information: Steer calf at side born 5/5/22 sired by FA Super Star. Exposed to FA Super Star from 6/15/22 to 8/31/22.

**COMMENTS:** This is a daughter of Moon Rock HR, which gives you some great genetics with females like Miss Rocky Denim, Love County Queen, Delta Rockette, Miss Blue Denim FM 102 and Maressa. All these great females are just on the top side of her pedigree. When you take a look at the bottom side you will find the legendary Dark Star B R3, Lady Butler, Brush County Queen, Little Ace Mrs Delicious, Butler Girl and Maressa. I think you would have to look long and hard to find a female with a stronger pedigree of legendary females. She sells with a steer calf alongside by FA Super Star and will be exposed back the same way. Breeding Information: Exposed to FA Jupiter from 11/6/21 to 9/2/22.

COMMENTS: Miss Red Denim RL is the resulting calf of a real special cow, Princess Denim KMD, we bought in the 2017 Butler Breeder's Invitational from a partnership of iconic Butler breeders -- the Kety/McLeod/Doyle Partnership. Sired by a bull I don't have to introduce, Trinity R3, that is making an impact in our industry as a leading sire of quality offspring topping our sale prices. All this and she is bred to FA Jupiter who measured 87.625" TTT at the 2021 TLBAA Horn Showcase. We believe this is a high quality offering for such a special event in our industry as we celebrate 25 years coming together to preserve Milby Butler's dream and love of raising True to Type Texas Longhorn cattle. # ***Pure Butler Texas Longhorn***

A pure Butler Texas Longhorn is a longhorn whose genetics trace back to only cattle originating in the herd of Mr. Milby Butler. This is a very simple statement to make but determining which cattle do indeed trace fully to the Butler herd has been far more complicated.

There are seven accepted subfamilies within the Butler bloodline. They are the herds of the Partlow family, F.M. Blackie Graves, the Meshell family, Ruel Sanders, Luman Holman, Forrest Lepper, and Virgil Shinn. Over the years all of these herds, except those of Lepper and Shinn, contained longhorns of non-Butler breeding in addition to their straight Butler animals. There are also Butler cattle which do not fall into these subfamilies. These would be found in herds such as J.W. Isaacs, the Wright family, and Pauline Russell. There also existed a group of animals which lived within these subfamilies and throughout the breed that were claimed to be straight Butler but which, as a result of paperwork mistakes, carried pedigrees that did not reflect their true genetic heritage. To determine which cattle did or did not trace fully to the original Butler herd, extensive and exhaustive research was done. Countless numbers of conversations and interviews with scores of people were conducted. Thousands of photos were viewed or taken. Pedigrees, personal notes, and records were examined. We saw everyone and everything that had a connection to Butler cattle. We heard facts, legends, lore,

lies, theories, rumors, secrets, innuendo, and accusations. We have the testimony of the men that registered these cattle. It was concluded that there were in fact quite a few that were unquestionably straight Butler, many of which were some of Milby's very best. If they were truly 100% Butler, shouldn't they too be included in the bloodline? We said yes. In the end, one factor alone guaranteed acceptance as straight Butler: the brands. Unlike paperwork, which becomes separated from the animal, brands stay with the animal for life. And as any good cowman knows, brands tell a cow's life story. If the brands identified it as Butler, then it was Butler. A Butler brand verified its true ancestry and simply reflected mistakes made at the time of registration, usually when the cattle were already mature. Anyone understanding the pitfalls and limitations of beginning a registry for a breed as diverse and old as the Texas longhorn can see how a breed that historically had survived for so long on their own, would have a family tree that would be hard to recreate and document. Many cattle regrettably were rejected because they did not have the proper brands to serve as irrefutable proof. What remains is a group of cattle which we can stand behind and know in our hearts are among the purest Butler Longhorns available.

Some would ask who are we to make such decisions and what gives us the right to do so. No one gave us the right; we stepped up and seized it. We are the Butler Breeders. We have always been

Butler breeders. We bred and promoted straight Butler cattle while Texas Longhorn industry psychics and consultants predicted that pure Butler cattle were a fad that would not last; that was in the 1980's. We're still raising pure Butler cattle. We did the research and we did our homework. Your sale hosts alone have over 75 years of commitment to this bloodline. Along with the help of other Butler breeders respected for their dedication to and knowledge of this bloodline, the Butler Breeder's Invitational screening committee pledges to offer only the best representatives possible. This includes the rejection of animals that do not conform to the genetic and phenotypic criteria required. Simply having papers that reflect a straight Butler pedigree does not guarantee acceptance to this sale. Unfortunately, breeders that disagree with our standards may suggest impure motivation on our part. But for us, this is about the cattle, not about people. Our goal is to raise the finest, 100% genetically pure Butler Texas Longhorns possible so as to preserve this magnificent bloodline for the future. Butler cattle have been our love and our lives. We hope Mr. Butler would be proud.
